

OPEN Commitment

In Coltabaco S.A.S we are committed to:

In Coltabaco S.A.S we are committed to:
Manufacture and provide high standard tobacco industry products in an oportune manner to satisfy our direct clients and adult consumers.

Establish and apply countermeasures to reduce and/or control risks defined as high priority by the organization and to prevent:

- Injuries and diseases associated with risk factors related to our processes.
- Environmental contamination product of the consumption of resources and generation of waste, atmospheric emissions and waste water discharge.
- Risks associated with the Quality and commercialization of our products.

To fulfill our commitment, we have implemented an Integrated Management System "OPEN" which seeks a continuous improvement in the performance of our processes, ensuring compliance with policies, norms and applicable legal requirements.
