# **DIRECTORS' REVIEW**

The Directors of the Company would like to report on the Company's performance for the three months period ended March 31, 2017.

During the period, the Company's gross turnover decreased significantly by 62.4% compared to the same period during Q1, 2016 primarily attributable to the decline in sales volumes as a result of exponential increase of the non-tax paid cigarettes segment ("Illicit Trade") which continues to impact the underlying demand for our products and significant adjustment in trade inventory. At the same time, the Company has managed to reduce its Distribution, Marketing & Administration expenses by 27.4% as compared to same period last year. Other expenses decreased, mainly due to restructuring costs charged in 2016. The Company recorded a Loss before tax of PKR 481 million for the quarter, compared to a Profit before tax of PKR 1,048 million for the same period in 2016.

The excise tax driven price increases have widened the price differential between the taxpaid and the low price non-tax paid tobacco products, thus creating an unfair playing field for the tax-paying tobacco industry. The Company is actively supporting all Government policies and actions to address the issue of smuggled and non-tax paid cigarettes.

Despite recommendation of the inter-ministerial committee in July 2015 to reduce the Graphical Health Warning to 50%, the Ministry of Health has not yet revised the 85% GHW regulations ("SRO") to reflect the committee's recommendation. Instead, the Ministry Of Health continues to extend the implementation of the SRO on a monthly basis which creates uncertainty for the business.

During the period, the Company's contribution to the National Exchequer, in the form of excise tax, sales tax and other government levies, was PKR 2,877 million, as compared to PKR 7,642 million in the same period in 2016, a decrease of 62.4%.

The management team continues to be committed to improving the overall performance of the Company by utilizing global resources, pursuing initiatives such as new strategic marketing activities, continuous improvements in product quality, process and operational efficiency, and resource utilization and allocation. Growing our gross margin and controlling the cost base remain key objectives for improving the Company's profitability in a very challenging environment.

On behalf of the Board of Directors, I would like to express my gratitude and appreciation to all our employees, shareholders, business partners and other institutions for their continued trust and support.

Karachi: April 21, 2017

On behalf of the Board of Directors,

KAMRAN Y. MIRZA Chairman
