PMFTC Inc. Batangas Water Stewardship Commitment

PMFTC Inc. (Batangas Factory), as a result of its public commitment to good water management, undertakes to:

- Endorse, sustain and support Alliance for Water Stewardship principles and outcomes (good water governance, sustainable water balance, good water quality, good conservation of important areas related to water, and safe water, sanitation and hygiene for all);
- Engage and involve stakeholders in an open and transparent way;
- Comply with the legal requirements and regulations respecting the rights related to water, including adequate access to clean drinking water, sanitation and hygiene for all workers in all facilities under the control of the site;
- Support and coordinate with the agencies of the public sector the implementation of plans and policies, including working together to meet the human right to water and sanitation;
- Improve and continually adopt the actions and plans for water management of the site;
- Maintain the organizational capacity required to successfully implement the AWS requirements, including ensuring that all employees have the time and resources required to accomplish the implementation and maintenance;
- Support national and international treaties related to water;
- Disclose material information related to water for the relevant public.
