

PHILIP MORRIS  
POLSKA

### Philip Morris Polska S.A. Alliance for Water Stewardship (AWS) Commitment

Philip Morris Polska S.A., as a result of its public commitment to good water management, undertakes to:

- Endorse and sustain the Alliance for Water Stewardship *and its 5 outcomes* (good water governance, sustainable water balance, good water quality, conservation of *important water-related* areas and safe water, sanitation and hygiene for all);
- Implement and disclose progress on water stewardship program(s) to achieve improvements in AWS water stewardship outcomes;
- Implement the AWS standard by *being* aligned to and in support of existing catchment sustainability plans;
- Engage stakeholders in an open and transparent manner *and support public sector agencies*;
- Maintain the organizational capacity required to successfully implement the AWS requirements, by ensuring that employees have the time and resources required to accomplish the implementation and maintenance of AWS;
- Comply with the legal requirements and regulations respecting the rights related to water, including adequate access to clean drinking water, sanitation and hygiene for all workers in all premises under the site's control;
- Support water-related national and international treaties;
- Disclose material information related to water for the relevant public *and other relevant public audience in an appropriate format.*
