

PHILIP MORRIS
POLSKA

COMMITMENT CONCERNING QUALITY, ENVIRONMENT, HEALTH AND SAFETY MANAGEMENT

Philip Morris Polska S.A. Production Center, being part of the PMI EU Region, conducts its business with care for the requirements of tobacco consumers of legal age, with respect for the natural environment, ensuring the safety of its employees at the workplace, and protecting the assets and image of the company.

By establishing and maintaining Quality, Environment, Operating Safety and Hygiene Management systems compliant with the requirements of standards ISO 9001, 14001 and OHSAS 18001, every employee undertakes to:

- observe appropriate provisions of law, norms, regulations and Philip Morris International standards, and take the expectations of the local community concerning quality, environment protection and OSH into account;
- deliver high-quality tobacco products to consumers and customers of legal age, and to continue working on fulfilling their expectations and increasing the level of satisfaction with the supplied products and services;
- produce tobacco products with care for the natural environment by reducing the environmental footprint caused by greenhouse gases and by preventing pollution, in particular by reducing the number of solid and liquid waste as well as emissions of air pollutants, and by reducing the consumption of natural resources;
- reduce any hazards related to work safety and to ensure safe working conditions for its employees, contractors and visitors in order to prevent injuries and professional illnesses;
- continuously raise the quality of products, effectiveness of business processes, seek new opportunities for development and improvement in accordance with the principles of estimating risks and chances;
- continuously improve our local management systems as well as Quality, Environment, Operating Safety and Hygiene System in the European Region;
- establish, promote and implement goals relating to quality, environment protection and OSH, and to provide resources required to this end;
- provide to all employees adequate trainings, support innovativeness and promote safe behaviours, engagement and striving for success.

This commitment is an integral part of our business development strategy.
